

fact:

Ontario is in last place when it comes to funding higher education

fact:

Since 2001, enrolment at post-secondary institutions in Ontario has increased by 28.6%

fact:

In April 2003 Dalton McGuinty told the Ontario Federation of Labour the Ontario Liberals planned to *“invest three quarters of a billion dollars in post-secondary education”*

...will this be another broken promise?

we want change...

not loose change.
