Mammoths and Mastodons: Titans of the Ice Age

Journey back through the Ice Age to view some of Earth's largest and most awe-inspiring mammals. Through exciting hands-on displays, learn how researchers use cutting-edge science and technology to excavate and analyze tusks, teeth, skin, hair and stomach contents to learn more about mammoths and mastodons.

Go beyond the exhibition and explore the Ice Age further with the Mammoths and Mastodons programs: make your own cave art, learn to identify fossils, compare ancient mammal skulls and more!

Knowledge Partner: **McMaster University**.
Supporting Partner: **Ontario Genomics**. Media Partner: **Toronto Star**.
Mammoths and Mastodons: Titans of the Ice Age was created by The Field Museum, Chicago.

Visit OntarioScienceCentre.ca/Mammoths to learn more about the exhibition and programs.

There's lots to do and see at the Science Centre. Go stargazing, look for a poison dart frog or create something unique at one of our many exhibition halls.

Circus! The Exhibition

Science can be found in the most unexpected places. Discover the secrets and science behind the wonders of the Big Top. OntarioScienceCentre.ca/Circus
