

STEWARDS ASSEMBLY

A COLLECTIVE RESPONSE TO THE FORD AGENDA

Monday, March 25, 2019

6:30 pm - 9:30 pm

Metro Toronto Convention Centre, South Building — 255 Front Street West

The Ford government has shown its true nature since coming to power.

Rolling back workers' rights, interfering in elections, cancelling programs and attacking union agreements, the Conservatives have been working on behalf of the wealthiest 1% every day.

The labour movement must forge a new level of solidarity to meet this challenge. We discover our true power when we work together for justice.

**Calling all union
leaders, stewards,
and activists—**

**help build a
powerful
movement for
fairness and a
better future.**
